Designed to perform

# Experience true outdoor comfort

Looking for the ultimate way to bring the outdoors in? Whether you want to shield the weather for the ideal outdoor kitchen, enclose the pergola or create your own alfresco courtyard, eZIP® track blinds are the perfect solution.

Designed to perform in the harsh Australian environment, eZIP®'s robust high density aluminium frame has exceptional built in flex resistance to ensure problem free blind motion.

With its patented multi-direction tension setting, eZIP® track blinds always look good with optimal blind alignment for a taut blind fabric result that compliments any outdoor setting.

With a slim and sleek fully enclosed 135mm square pelmet headbox in premium extruded aluminium, eZIP® is the compliment to modern linear design trends.

 **SUN & UV PROTECTION**  
Protection all year round

 **WIND RESISTANT**  
Peace-of-mind performance

## FABRIC LAY FLAT TECHNOLOGY

- Self lubricating polymer zip designed for problem-free blind rolling with no fabric distortion

## eZIP® MOTION TECHNOLOGY

- Floating side channel with fully concealed side retention for ultimate performance and protection

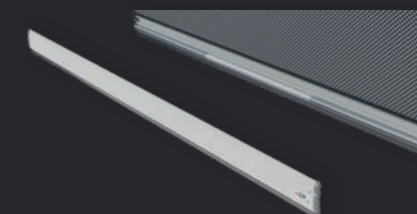

## ADJUSTABLE SIDE CHANNEL

- Unique patented multi-direction tension adjustment for consistent blind alignment and problem-free installation

## FULLY ENCLOSED RETENTION SYSTEM

- Blind fabric retention with no visible tapes or welds to protect it from even the harshest elements

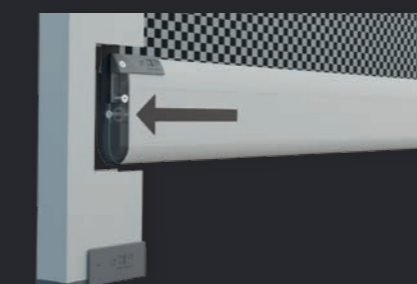

## EVENLY WEIGHTED BOTTOM RAIL

- Optimal down force fabric tension for smooth blind rolling motion

## SUSPENDED STEEL WEIGHT

- Steel rods anchored to each end of bottom rail for even weight distribution
- Specially designed sound absorbing weight plug ends to assist water drainage

## BOTTOM RAIL END CAPS

- Fabric anchored to mid point of rail with reinforced fixing points for additional tear strength

## PELMETS

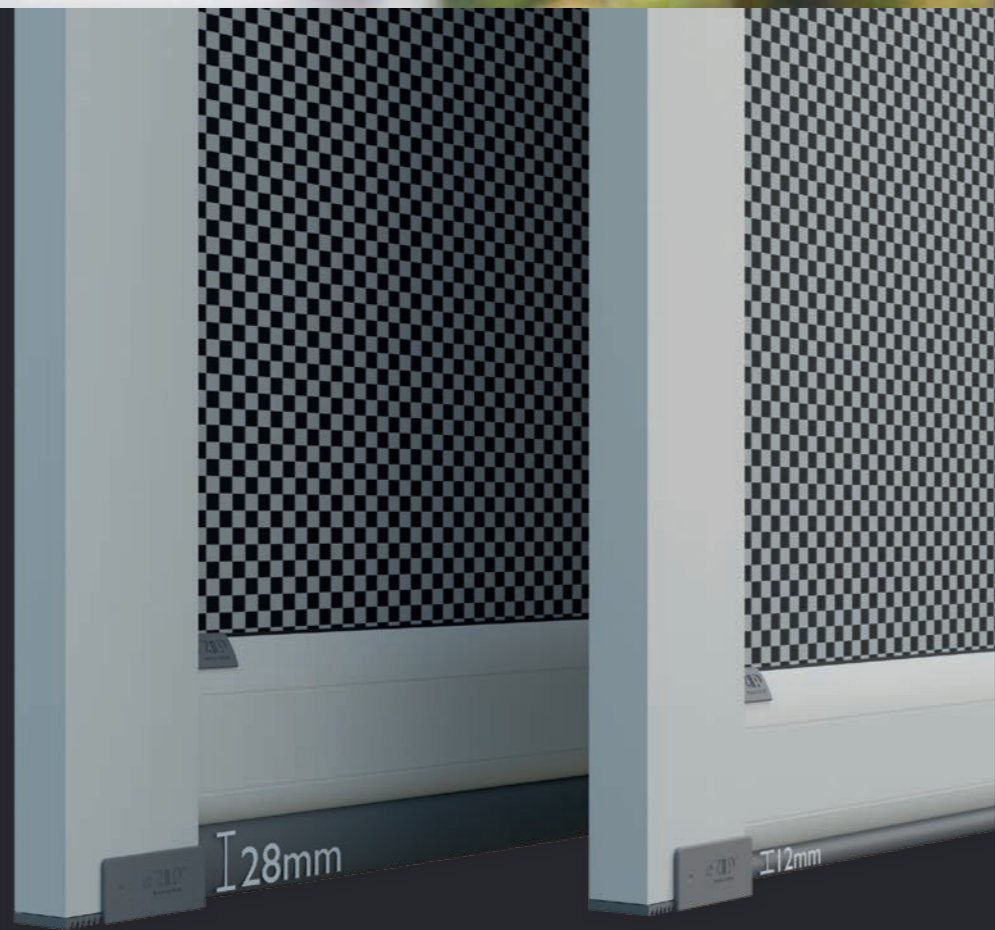

- Fully enclosed sleek and slim 135mm pelmet headbox in premium extruded aluminium
- With 4mm thick reinforced end caps, eZIP® track blinds compliment modern linear design trends

## EXTRUDED ALUMINIUM PELMET – 135mm

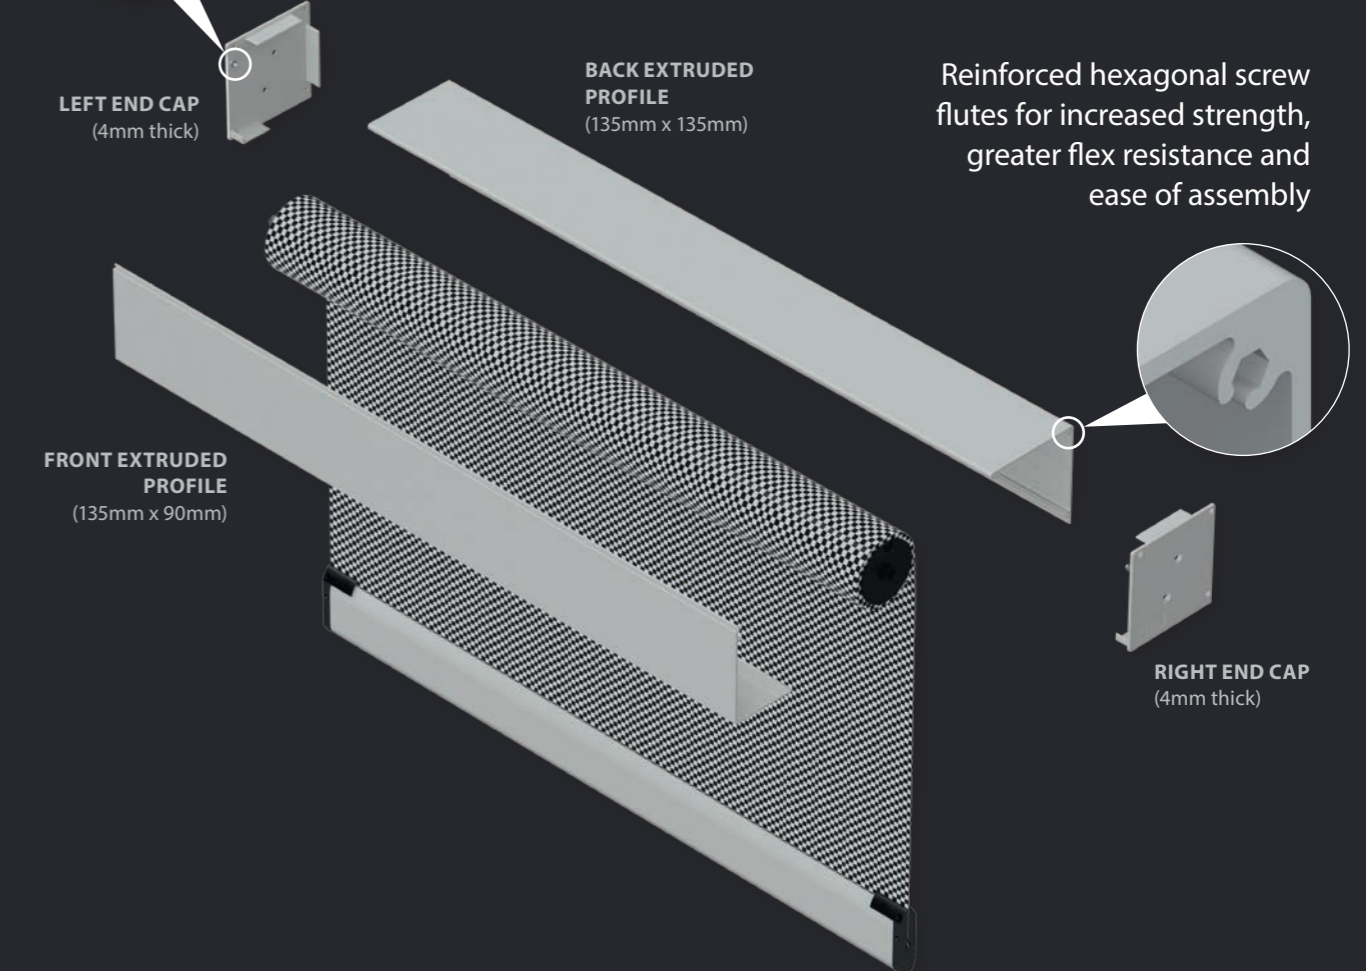

Internal locating post with rubber grommet for vibration and sound reduction

## eZIP® Options

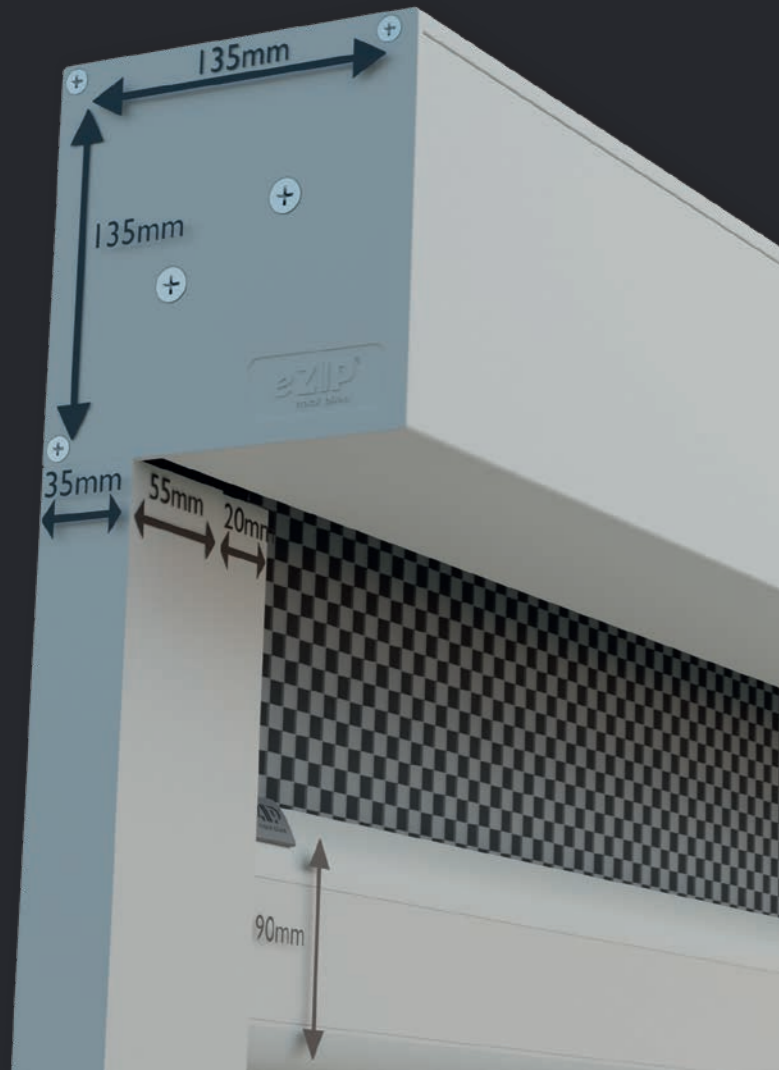

### BUMPER STRIP

- PU moulded, heat resistance weather seal strip
- Available in two sizes – 12mm and 28mm (h)

# eZIP® Options

## SPECIFICATIONS

## COLOURS

## CONTROLS

- eZIP® track blinds are designed to perform with three different types of control mechanisms
  - Italian crank operated gearboxes, spring assisted tension control, or motorisation

← WIDTH →

RECOMMENDED SIZES	BLIND WIDTH	BLIND DROP
CRANK	0.5m > 6.0m	3.5m
SPRING	0.7m > 4.9m	2.7m
MOTORISATION	0.8m > 6.0m	3.5m
